Dear Ron, Blanche and Luke,

I would like to take this opportunity to express what a great time I had on my elk hunt.

Your outfit was nothing short of first class. Your accommodations were outstanding, the food was excellent, and the hunt was awesome.

I have booked many outfitters in the past for various game, and none came close to the quality of what you provided.

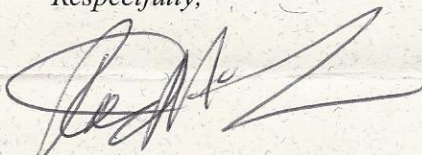

*While no outfitter can guarantee you to see game, much less harvest some, **YOU** put forth the advanced effort to have an idea where game might be.*

The way you try to accommodate hunters physical limitations is to be commended, and I greatly appreciate your consideration.

I will most certainly book future hunts with you, and I will whole heartily recommend you to my friends.

Please feel free to use this letter and my name in any of your presentation literature.

Respectfully,

Rod McLaren
